David and his crew were polite, professional, and thorough. My shed was destroyed by a fallen tree and they were available the day after I called to remove it! Considering the amount of work to demo the remaining shed and hauling away the destroyed contents, (to include a crushed and very heavy generator) they offered a very fair price. Absolutely would recommend Charm City Haulers for your needs!

charm City Haulers was easy to reach, schedule an appointment, and gave me a fair price. Good communication on scheduled day and got right to work when they arrived—professional movers who new exactly how to handle a very big, heavy desk down the stairs and out the door. I will definitely use them again!

A+ operation from start to finish: I received a free estimate in advance, the workers who removed my furniture took care to protect my home and the cost came in below what I anticipated while the 1-800 alternative could not even give me an estimate up front. Highly recommend this business for any local hauling needs.

Charm City Haulers cleared my garage of trash prior to our move. They took broken furniture, household trash, old electronics and even heavy workout equipment. The price point was fair and affordable. I will definitely use this service again!

Came to my house to look at my damaged pool the same day I called. Gave me a very fair estimate. Came out the next day and took care of the pool in just a few hours. Friendly, and helpful.

Charm City Haulers was efficient, friendly, fairly priced and responsive. They even sent me a text letting me know that they were running behind schedule. They removed a piano and a hot tub for us. They did a great job. They were quick, reliable and reasonable. Great experience all around!

Charm city haulers came out to remove a damaged chain link fence property. They were on time, professional and very kind! The removal was great, and all issues were communicated clearly with different solutions at hand. The price was unbeatable, with great service. Will certainly use again!

Charm City Haulers were exceptionally professional and sympathetic to the situation I found myself in. They were able to work around my schedule while still cleaning as soon as possible, and as quickly as possible. They were also the lowest quote I received, and for the quality of work done, I would recommend them to anyone.

I had my couch removed from my home in my basement. They made sure not to damage my walls, pictures hung on walls or other furniture as they took out the item I needed to be removed. The two workers were nice, I would mention by name but forgot sorry. I definitely would use this business again. 😊

My mom and I called Charm City Haulers to help haul some living room and dining room furniture. From the first phone call, the guys were very professional, courteous and very efficient. They gave us a time and arrived as they promised. They came in, charted out their plan and got everything out very quickly. We were more than pleased with their work and plan on using them again in the future. Thank you Charm City Haulers for all of your help.
